REISSUE APPLICATION DECLARATION BY THE INVENTOR

Docket Number (Optional)
4561/Reissue

As a below named inventor, I hereby declare that:

My residence, mailing address and citizenship are stated below next to my name.

I believe I am the original, first and sole inventor (if only one name is listed below) or an original, first and joint inventor (if plural names are listed below) of the subject matter which is described and claimed

in patent number 6,129,047, granted 10/10/2000, and for which a

reissue patent is sought on the invention entitled _____

Susceptor For Vapor-Phase Growth Apparatus

the specification of which

☒ is attached hereto, and as amended in the attached Preliminary Amendment.

☐ was filed on _____ as reissue application number _____ / _____
and was amended on _____
(If applicable)

I have reviewed and understand the contents of the above identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)

☐ by reason of a defective specification or drawing.

☒ by reason of the patentee claiming more or less than he had the right to claim in the patent.

☐ by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:

The application as filed contained claims directed to an apparatus, i.e., a susceptor. Patentee believes that the method for growing an epitaxial layer using a susceptor as claimed in the attached new claims is also novel and patentable. Thus, less than could be claimed was claimed and the claims are sought to be broadened to encompass the claimed methods.
